

APPENDIX IV – OIFS COMMUNICATION STRATEGY

Communication and extension of information will be vital to the success of the OIFS. Communication is also an integral part of the monitoring and feedback process as it provides agencies, licensees, First Nations, interest groups and the public with information on the achievements of the OIFS.

Strategy

Communications will occur with many groups and at different levels in order to be effective. OIFS sees the need to communicate with the following groups regarding the Okanagan OIFS:

- Major Forest Licensees operating in the Okanagan TSA
- OSLRMP Implementation and Monitoring Committee
- Ministry of Forests
- Ministry of Sustainable Resource Management
- Ministry of Water, Air and Land Protection
- Provincial level Forest Service representatives (i.e. Timber Supply Branch; Growth and Yield specialists)
- Other IFPA holders
- First Nations
 - Okanagan Nations Alliance
 - Lower Similkameen Indian Band
 - Okanagan Indian Band
 - Osoyoos Indian Band
 - Penticton Indian Band
 - Upper Nicola Indian Band
 - Upper Similkameen Indian Band
 - Westbank Indian Band
 - Shuswap Nations Tribal Council
 - Adams Lake Indian Band
 - Little Shuswap Indian Band
 - Neskonlith Indian Band
 - Spallumcheen Indian Band
- Community representatives in the Okanagan TSA
- Stakeholders
- General public
- Local media
- Interested resource professionals across the province

The communications strategy of OIFS will include the following.

Updates on the OIFS Web Site

The OIFS web site (www.okanagan-ifpa.org) has been in effect since July 2001. The site will continue to contain updated information and announcements about the OIFS as information becomes available. It may³² provide a conduit for continuous input throughout the term of the IFPA. This Forestry Plan, the annual workplan, annual report, project results and newsletters will be posted on the site.

Communication Bulletins

The first OIFS newsletter was published in March, 2001 with the second following in October, 2001. These and subsequent newsletters will be posted on the IFPA web site at www.okanagan-ifpa.org/news.html. The OIFS may³³ publish similar newsletters semi-annually.

Annual Project Review

The OIFS will hold an annual review or “download session” in order to review the accomplishments for the past year and set the activities and projects for the coming year. This session may³⁴ be used to set the OIFS’s business plan for the following year and may³⁵ form a component of the monitoring and feedback process.

Annual work plans will also be developed and will provide details of projects and implementation procedures and will be consistent with the overall strategic direction of the Forestry Plan or Forestry Plan amendments as needed.

Annual work plans may³⁶ be available for 30 day public review by February 1st of each year and may be considered major amendments to the Forestry Plan. The effective dates of the annual work plans is scheduled for April 1st of each year.

Major amendments to the Forestry Plan will undergo advertisement and a 30 day public review process to , while minor amendments, those that are not significant and do not change³⁷ the objectives or results of the plan, will not undergo the advertising and public review process.

Public information

Open houses will be held upon the completion of this Forestry Plan as well as subsequent amendments to the Forestry Plan.

Media Package

A media package will be developed to provide information pertaining to the intent, vision and activities of the OIFS.

Contact list/ mailing list

The OIFS has begun to build a contact and mailing list (enclosed below). This contact list is based upon contacts used by the licensees in their advertising and notification phase of the forest development planning process. As meetings and open houses are held the OIFS will add interested parties to this list. This list will be used to notify interested and affected parties of general Okanagan IFPA activities.

³² Word “may” (Revised March 8, 2002)

³³ Word “may” (Revised March 8, 2002)

³⁴ Word “may” (Revised March 8, 2002)

³⁵ Word “may” (Revised March 8, 2002)

³⁶ Word “may” (Revised March 8, 2002)

³⁷ Sentence “are not significant and do not change ” (Revised March 8, 2002)
